

National Highway Week Salutes Roadbuilders

By BURTON W. CHACE County Supervisor

In these hectic times, people have a tendency to pay attention only to pressing problems and take for granted some of the finer accomplishments of our society.

To call attention to some of these accomplishments, citizens, groups, and government agencies often proclaim annual, week-long observances in honor of various types of projects and products.

Sometimes these observances are overdone, but the current observance of National Highway Week deserves more than passing attention.

This policy blends well with the theme for National Highway Week—"Highways are for People." Where in the world is more thought given to the people who use the roads than in Los Angeles County?

Some 7 million persons are transported over 18,000 miles of highways in more than 4 million vehicles—possibly a higher total than anywhere else in terms of total use.

AND PEOPLE were kept in mind when the more than 18,000 miles of county highways were designed and constructed. These include the people who must have modern roads accessible to travel to and from work or to accommodate customers and employees.

Also given priority were the people who use the roads to enjoy a more satisfying and leisurely social life.

All in all, Los Angeles

Auction Features Antiques

A public auction to dispose of many antiques and many one-of-a-kind custom reproductions of American and European furniture will be held Saturday.

Baldo M. Kristovich, public administrator for Los Angeles County, will conduct the sale at the Public Administrator's Warehouse, 4524 Brazil St., Los Angeles.

The public may inspect the items Friday from 10 a.m. until 3 p.m. and Saturday from 10 a.m. until 4 p.m. The auction is slated to begin at 1 p.m., Kristovich announced.

THE AUCTION is being held to dispose of the estate of Mrs. Margaret Muratori, whose husband was an importer.

In addition to the extensive collection of antiques, a large jewelry collection also will be sold at the auction.

Kristovich also said property belonging to 53 other estates will be sold at auction Saturday. That auction is scheduled to begin at 9 a.m. and continue until 1 p.m.

MISCELLANEOUS items and small appliances will be sold from 9 a.m. to 1 p.m., while large appliances and furniture will be offered between noon and 1 p.m. All jewelry from the 53 estates will be sold at 5 p.m.

The Public Administrator's Warehouse is located north of the Colorado Street off-ramp on the Golden State Freeway.

The next regular public administrator's auction is set for Saturday, Oct. 26, Kristovich said.

WOMEN OFTEN HAVE BLADDER IRRITATION Common Kidney or Bladder Irritations affect twice as many women as men, often causing tenderness and nervousness from frequent, burning, itching urination. Secondly, you may lose sleep and have headaches, backaches and feel tired, tired, tired. In such cases, CYSTEX usually brings relaxing comfort by curbing germs in and urine, and easing pain. Get CYSTEX at drugists today.

County has far surpassed its obligations in providing outstanding roads for its residents.

A GOOD example of the county's awareness in keeping its road system up to date is evidenced in recent action aimed at clearing up a traffic problem in the Carson area.

Supervisors have asked the California Public Utilities Commission to give top priority to construction of a bridge over railroad tracks on 223rd Street near Alameda Street.

The county is seeking construction of a \$5 million bridge so traffic will not have to wait during train movements across the road.

The item deserves immediate consideration. The bridge would be four lanes, fully curbed, and divided with sidewalks.

Two Gardena residents have been awarded first place prizes for cooking at the Los Angeles County Fair in Pomona, which runs through Sunday. Winners are Mrs. Sheila Duncan, for her wheat bread and orange; and Ich Yanagihara, for brittle and nuts, caramels, chocolate caramels with or without nuts, and assorted brittles.
